

CAPACITORS FOR GENERAL A.C. APPLICATIONS

**A DINAMIC COMPANY ALWAYS ON
FIRST LINE FOR QUALITY
DEVELOPMENT AND SERVICE
PRODUCING A.C. APPLICATION
CAPACITORS SINCE 1950.**

Founded in 1950, ITALFARAD SpA, specialised in manufacturing electrical capacitors for A.C. general applications, such as lighting, motor run and Power Factor Correction .

ITALFARAD also produces L.V. fixed and automatic P.F.C. equipment, switching the capacitors by electro mechanic components (contactors) or by static system (triac).

ITALFARAD P.F.C. equipment is produced en masse using automatic and semiautomatic machinery. The utilisation of highly reliable components guarantees a superior level of quality at extremely competitive prices.

Quality has always been the primary objective of ITALFARAD:

- Capacitors are IMQ - VDE - ASE - UL approved
- The P.F.C. equipment conform to tests carried out by CESI in accordance with CEI EN 60439-1 (CEI 17-13/1) Standards.

In 1993, ITALFARAD was awarded a Quality System Certificate according to UNI EN ISO 9001 Standards, this certificate has recently been updated to UNI EN ISO 9001:2000.

The procedure to obtain the Environmental System approval according to UNI EN ISO 14001 Standards is pending.

ITALFARAD have succeeded in obtaining a share of the world market. At present they export to more than 90 Countries all over the world.
